

USInfoSearch.com Privacy Policy

USInfoSearch.com is a national investigative service for credentialed users. We offer nonpublic information to carefully screened and certified entities who are legally qualified to receive this information under the Gramm-Leach-Bliley Act (GLBA), the Drivers Privacy Protection Act (DPPA), or the Fair Credit Reporting Act (FCRA), or other applicable state and federal laws.

USInfoSearch.com is not a data broker.

Security

USInfoSearch.com is committed to protecting the personal information that USInfoSearch.com receives about consumers. USInfoSearch.com does not store or retain information about consumers. The investigative service connects to a variety of permissible purpose federal and state data sets via API query for a person of interest and the information is returned to USInfoSeach.com which formats the resulting data into a comprehensive report on an individual.

We employ Secure Socket Layer (SSL) data encryption when data is transmitted over the Internet to our web site. We have installed layered firewalls and other security technologies to help prevent unauthorized access to our systems. Strong password protection protocols are used on our computers, and employees are kept up-to-date on our security and privacy policies.

Changes to this Privacy Policy

USInfoSearch.com may revise this policy from time to time. If there is a material change to this Privacy Policy, we will post the revised policy at this location. USInfoSearch.com will not provide less privacy protection, without your consent, to information collected under a prior privacy policy. We encourage you to periodically review this Privacy Policy to be informed of how USInfoSearch.com is protecting your information.
